These workbooks have been developed for the children of South Africa under the leadership of the Minister of Basic Education, Mrs Angie Motshekga, and the Deputy Minister of Basic Education, Mr Enver Surty.

The Rainbow Workbooks form part of the Department of Basic Education's range of interventions aimed at improving the performance of South African learners in the first six grades. As one of the priorities of the Government's Plan of Action, this project has been made possible by the generous funding of the National Treasury. This has enabled the Department to make these workbooks, in all the official languages, available at no cost.

We hope that teachers will find these workbooks useful in their everyday teaching and in ensuring that their learners cover the curriculum. We have taken care to guide the teacher through each of the activities by the inclusion of icons that indicate what it is that the learner should do.

We sincerely hope that children will enjoy working through the book as they grow and learn, and that you, the teacher, will share their pleasure.

We wish you and your learners every success in using these workbooks.

Nelson Mandela was born on 18 July 1918 in the Eastern Cape in a village called Mvezo. He started school when he was 7 years old. And it was his school teacher who gave him the name Nelson. When he finished school he went to university but this was interrupted when he took part in school protests. After that he came to Johannesburg where he worked in first a mine and then in a law firm. He also went to law school but had to drop out because he couldn't afford to pay for the university fees. In 1944 he helped form the African National Congress Youth League (ANCYL) with various other people like Walter Sisulu and Anton Lambede and joined the ANC to fight against apartheid. He was jailed many times for his activities fighting for a better South Africa and in 1962 he was arrested and sentenced to 5 years in prison for leaving the country illegally and getting workers to go on strike. In 1964 he was sentenced to life imprisonment in the Rivonia trial for his role in the ANC's armed struggle. He spent over 27 years in jail. Because education was important to him he continued studying while in prison and in 1989 he received his law degree from the University of South Africa (UNISA). On February 11 1990 he was released from prison, and on 10 May 1994 he became South Africa's first black President.

Oliver Reginald Kaizana Tambo
1917-1993

On the 27th of October 1917, Kaizana Tambo was born in Nkantolo, Eastern Cape, then known as Pondoland. Raised with a solid foundation of hard work and respect for culture, and groomed in a village filled with strong morals and values, the "Son of Nkantolo" grew up to be loved and respected by South Africa, and the world.

On his first day at school, Kaizana's teacher asked him to come to school with an English name. His parents chose Oliver. This, and a host of experiences with some of his teacher's strict nature, made him hate school. A meeting with a smart, young man, who was a member of the debating society in a different school, changed his attitude towards education and gave him a love for discussion and debate. He later went to Holy Cross Mission near Flagstaff, where he became one of their star students. He moved on to St Peter's

College, in Johannesburg, where he matriculated with top marks. Swelling with pride, the Eastern Cape Assembly of Traditional Leaders gave Oliver Tambo a bursary to study at Fort Hare University, where he graduated with a Bachelor of Science degree in Maths and Science. The following year, while studying towards his post-graduate qualification in Education, he was expelled from the University for participating in a student strike. St. Peter's College offered him a job as a Maths and Science teacher. It is while teaching in Johannesburg that he became a very active member of the African National Congress.

Oliver Tambo was a founding member and Secretary of the ANC Youth League in 1944; the general secretary of the ANC from 1952; the mandated leader of the ANC's Mission in Exile 1960; the President of the ANC from 1977 until 1990; then National Chairperson until 1993.

Oliver Tambo was a thoughtful, wise and warm-hearted leader. His simplicity, nurturing style, and genuine respect for all people, seemed to bring out the best in them. His life was remarkable for the profound influence he had on the ANC during the difficult years of struggle, sadness and uncertainty. During his almost fifty years of political activity in the ANC, Comrade O.R., as he affectionately came to be known, played a significant role in every key moment in the history of the Movement, until his death in 1993. Like Moses, he had led his people to the Promised Land, but was never able to enjoy the fruits of his toil.

We had a long weekend and so my father took us to the dam to fish. We took our fishing rods. We also took a big pot and pan to cook the fish that we caught.

We waited and waited but we did not catch anything. Then Nomsa played with the frogs. Sam climbed the tree and Ann fed the ducks.

Soon the sun started to set and so we drove home. We were all very hungry by the time we arrived home. I hope that next long weekend you will go fishing with us.

"This will be a good place to sit and read," Ann says excitedly.

"Yes!" says Jabu with delight. "On the weekend I will bring my computer games and sit and play them in the tree house."

"I will bring a soft pillow and my blue blanket and have a sleep," says Bongi as she yawns.

"You'd better be careful not to fall asleep," her father warns.

THEME 5 UNDER THE SEA

We go deep-sea diving

Term 4 – Week 1 – 5

Let's talk

Have you ever wondered what lives under the sea? Look at the picture and tell your friends what kinds of fish you see.

Let's read

Paste the sticker in the correct space.

Last weekend Jabu and his friends went diving. They went under the sea. They wore flippers on their feet to help them swim strongly. They also wore goggles so that they could see under the water. They saw hundreds of different fish swimming in and out of the seaweed.

Sea horses

They can change their colour to protect themselves. Their eyes move separately so they can see all around them.

Octopus

They can also change colour. They are soft and can squeeze through small spaces. They have eight long arms that help them swim very fast.

Clown fish

They are quite small, but they are easy to see. They are orange or red, with big white stripes all over their bodies.

Starfish

They have five arms. If one arm breaks off, another one just grows in its place.

Sea snakes

They look like stripey snakes swimming in the sea.

Jellyfish

They look like big blobs of jelly floating around.

Let me read a story to you.

One day Pooh climbed a tree to get honey from a beehive. The branch broke and he was stuck in the tree.

5

You silly bear.

You funny bear.

Help! I can't get down.

4

One day Pooh's honey was finished. He licked the bottom of his pot and his head got stuck.

You funny bear.

You silly bear.

Help! I can't get out.

13

Then after one week, his friends tried to pull him out again. They pulled and pulled ...

Poor Pooh had to wait until he was thin enough to get out of the hole. His friends Bongji and Christopher Robbin came to read to him every day.

Don't worry. Soon you will be free.

You have finished all my honey. It is all finished.

I love this honey. I only ate ten bottles of it.

6

Pooh ate all Rabbit's honey and Rabbit was very cross. Pooh's tummy was very full and he was very fat from eating so much honey.

I want to visit Rabbit. He has lots of honey.

8

Today Pooh went to visit Rabbit in his hole. He could not get down through the door because it was very narrow.

Winnie the Pooh gets stuck

My make and take home book.

PULL! PULL!

Pooh came popping out. What did he do? He ran off to get some honey. His tummy was rumbling.

My name is Winnie the Pooh. I love to eat honey.

Pooh's tummy is always hungry for honey. He is always looking for some more honey to eat.

One day Pooh used some balloons to float up the tree to get his honey. He called for help when the bees began to sting him.

His friends tried to help him but he could not get in or out of the rabbit hole.

You will have to wait for a week until you are thin. Then we will get you out.

Tell Rabbit to push you.

Help! I am stuck.

Pull!

Pull harder!

And so Pooh bear was stuck in the hole for one whole week.

Help! I can't get away from the bees.

These are my friends.

Winnie the Pooh lives in the forest. He has lots of friends. They are all shapes and sizes.

Let's read

Read this poem aloud while your friend pretends to be Christopher Robbin and hops around. Then your friend must read while you hop around pretending to be Christopher Robbin.

Christopher Robin goes
Hoppity, hoppity,
Hoppity, hoppity, hop.
Whenever I tell him
Politely to stop it, he
Says he can't possibly stop.

If he stopped hopping,
He couldn't go anywhere,
Poor little Christopher
Couldn't go anywhere...
That's why he always goes

Hoppity, hoppity,
Hoppity,
Hoppity,
Hop.

Little Baby, pa rum pum pum pum,
 I am a poor boy too, pa rum pum pum pum.
 I have no gift to bring, pa rum pum pum pum
 That's fit to give the King, pa rum pum pum pum,
 rum pum pum pum, rum pum pum pum,

Shall I play for you, pa rum pum pum pum,
 On my drum?

Mary nodded, pa rum pum pum pum.
 The ox and lamb kept time, pa rum pum pum pum.
